Effective January 2, 2014 (billing cycle 1900) school districts and counties must submit claim information to the CNYRIC within 11.5 months of the date of service to allow them adequate time to process and submit claims to NYS Medicaid that are within the 12-month date of service limit.

School districts and counties are encouraged to submit service files to CNYRIC for processing of these past dates of service as soon as possible in order to avoid claims being denied due to untimely submission. All claims should be submitted in a timely manner to ensure that rejected or denied claims can be resubmitted.
