Type of Service

Early and Periodic Screening, Diagnostic and Treatment services

Early and Periodic Screening, Diagnostic and Treatment services for individuals under 21 years of age, and treatment of conditions found.

Reimbursement Methodologies for Early and Periodic Screening, Diagnostic and Treatment Services provided as the School Supportive Health Services (SSHS) and Pre-School Supportive Health Services (PSSHS) Programs

School Supportive Health Services (SSHS) and Pre-School Supportive Health Services (PSSHS) are delivered by or through a school district, a Section 4201 school, a county in the State or the City of New York and include the following Medicaid services as described in Appendix 1 to Attachment 3.1-A and B of the Medicaid State Plan under item 4.b, EPSDT.

1. Physical Therapy Services
2. Occupational Therapy Services
3. Speech Therapy Services
4. Psychological Counseling
5. Skilled Nursing Services
6. Psychological Evaluations
7. Medical Evaluations
8. Medical Specialist Evaluations
9. Audiological Evaluations
10. Special Transportation

Effective for dates of service on or after September 1, 2009, payments to a school district, a Section 4201 school, a county in the State or the City of New York for School Supportive Health Services and Pre-School Supportive Health Services shall be based on fees established by the Department of Health.

TN #09-61

Approval Date APR 26 2010

Supersedes TN New

Effective Date SEP 01 2009

Fees will be established for each service or procedure and, except for Special Transportation, such fees shall be set at 75% of the 2010 Medicare fee schedule for the Mid Hudson Region.

Fees shall be published on the Department of Health's website, on the State Education Department's website, on the eMedNY website and shall be issued in policy and billing guidance distributed to school districts, Section 4201 schools, and counties in the state and the City of New York.

1. Physical Therapy Services

Fees for physical therapy services and procedures shall be set at 75% percent of the 2010 Medicare fee schedule for the Mid Hudson Region.

Fees shall be published on the Department of Health's website, on the State Education Department's website, on the eMedNY website and shall be issued in policy and billing guidance for school districts, Section 4201 schools, counties in the State and the City of New York.

2. Occupational Therapy

Fees for occupational therapy services and procedures shall be set at 75% of the 2010 Medicare fee schedule for the Mid Hudson Region.

Fees shall be published on the Department of Health's website, on the State Education Department's website, on the eMedNY website and shall be issued in policy and billing guidance distributed to school districts, Section 4201 schools, counties in the State and the City of New York.

4b. Early and Periodic Screening, Diagnostic and Treatment services (EPSDT).

School Supportive Health Services and Pre-School Supportive Health Services

School Supportive Health Services (SSHS) and Pre-School Supportive Health Services (PSSHS) are services provided by or through a school district, a Section 4201 school, a county in the State, or New York City to children with disabilities, who attend public or State Education Department approved schools or preschools. The services must be:

- medically necessary and included in a Medicaid covered category in accordance with 1905(a), 1905(r)(5), 1903(c) of the Social Security Act;
- ordered or prescribed by a physician or other licensed practitioner acting within his or her scope of practice under New York State Law;
- included in the child's Individualized Education Program (IEP);
- provided by qualified professionals under contract with or employed by a school district, a Section 4201 school, a county in the State or the City of New York;
- furnished in accordance with all requirements of the State Medicaid Program and other pertinent state and federal laws and regulations, including those for provider qualifications, comparability of services, and the amount, duration and scope provisions; and
- included in the state's plan or available under Early Periodic Screening, Diagnostic and Treatment (EPSDT) services.

Effective September 1, 2009, the services covered by the SSHS and PSSHS Program for Medicaid eligible children under the age of 21 who are eligible for Early and Periodic Screening, Diagnostic and Treatment services (EPSDT) include medically necessary physical therapy services, occupational therapy services, speech therapy services, psychological counseling, skilled nursing services, psychological evaluations, medical evaluations, medical specialist evaluations, audiological evaluations, and special transportation within the limits of EPSDT services. A school district, Section 4201 school, a county in the State, and New York City must be enrolled as a Medicaid provider in order to bill Medicaid.

1. Physical Therapy Services

Definition: Physical therapy services outlined in this section of the State Plan are available to Medicaid eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Physical therapy services provided by or through: a school district; a Section 4201 school; a county in the State or the City of New York, must have a written order or prescription from a physician, physician assistant, or nurse practitioner who is acting within the scope of his or her practice under NYS law and must be provided to a child by or under the direction of a qualified physical therapist. Physical therapy services must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). These services include any necessary supplies and equipment utilized during the therapy session.

Medically necessary EPSDT services are health care, diagnostic services, treatments and other measures necessary to correct or ameliorate physical defects, mental illnesses, and other disabilities.

Physical therapy services include but are not limited to:

- Identification of children with physical therapy needs;
- Evaluation for the purpose of determining the nature, extent and degree of the need for physical therapy services;
- Provision of physical therapy services for the purpose of preventing or alleviating movement dysfunction and related functional problems;
- Obtaining, interpreting, and integrating information appropriate to program planning;
- Diagnosis and treatment of physical disability, injury or disease using physical and mechanical means, including but not limited to, heat, cold, light, air, water, sound, electricity, massage, mobilization and therapeutic exercise with or without assistive devices, and
- The performance and interpretation of tests and measurements to assist pathopsychological, pathomechanical and developmental deficits of human systems to determine treatment and assist in diagnosis and prognosis.

Physical therapy services may be provided in an individual or group setting.

Providers: Services must be provided by:

- a New York State licensed and registered physical therapist qualified in accordance with 42 CFR 440.110(a) and with applicable state and federal laws and regulations, acting within his or her scope of practice under New York State Law; or
- a certified physical therapy assistant "under the direction of" such a qualified licensed and registered physical therapist, acting within his or her scope of practice under New York State Law.

"Under the direction of" means that, with respect to each Medicaid beneficiary, the qualified therapist:

- sees the participant at the beginning of and periodically during the course of treatment;
- is familiar with the treatment plan as recommended by the referring physician or other licensed practitioner of the healing arts practicing under State law;
- has continued involvement in the care provided, and reviews the need for continued services throughout treatment;
- assumes professional responsibility for the services provided under his or her direction and monitors the need for continued services;
- spends as much time as necessary directly supervising services to ensure beneficiaries are receiving services in a safe and efficient manner in accordance with accepted standards of practice;
- ensures that individuals working under his or her direction have contact information to permit him or her direct contact with the supervising therapist as necessary during the course of treatment; and
- keeps documentation supporting the supervision of services and ongoing involvement in the treatment.

Services may be rendered in the setting in which the child's IEP will be implemented, including but not limited to Article 28 facilities, Board of Cooperative Educational Services (BOCES) programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, at home and/or in community based settings.

2. Occupational Therapy Services

Definition: Occupational therapy services as outlined in this section of the State Plan are available to Medicaid eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Occupational therapy services provided by or through: a school district; a Section 4201 school; a county in the State or the City of New York must have a written order or prescription from a physician, physician assistant, or nurse practitioner who is acting within the

scope of his or her practice under New York State Law and must be provided to a child by or under the direction of a qualified occupational therapist. Occupational therapy services must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). These services include any necessary supplies and equipment utilized during the therapy session.

Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures necessary to correct or ameliorate physical defects, mental illnesses, and other disabilities.

Occupational therapy services include but are not limited to:

- Identification of children with occupational therapy needs;
- Evaluation for the purpose of determining the nature, extent and degree of the need for occupational therapy services;
- Improving, developing or restoring functions impaired or lost through illness, injury, or deprivation;
- Preventing through early intervention, initial or further impairment or loss of function; and
- Planning and utilization of a program of activities to develop or maintain adaptive skills designed to achieve maximal physical and mental functioning of the student in daily life tasks.

Occupational therapy services may be provided in an individual or group setting.

Providers: Services must be provided by:

- a New York State licensed and registered occupational therapist qualified in accordance with 42CFR 440.110(b) and applicable state and federal laws and regulations, acting within his or her scope of practice under New York State Law; or
- a certified occupational therapy assistant (COTA) "under the direction of" such a qualified licensed and registered occupational therapist, within his or her scope of practice under New York State Law.

"Under the direction of" means that, with respect to each Medicaid beneficiary, the qualified therapist:

Speech therapy services include but are not limited to:

- Identification of children with speech disorders;
- Diagnosis and appraisal of specific speech disorders;
- Referral for medical or other professional attention necessary for the habilitation of speech disorders;
- Provision of speech or language services for the habilitation or prevention of communicative disorders.
- Evaluation and application of principles, methods and procedures of measurement, prediction, diagnosis, testing, counseling, consultation, rehabilitation and instruction, related to the development of disorders of speech, voice, and/or language, and
- Preventing, ameliorating or modifying speech disorder conditions in children and/or groups of children.

Speech therapy services may be provided in an individual or group setting.

Providers: Services must be provided by:

- a licensed and registered speech-language pathologist qualified in accordance with 42CFR Section 440.110(c) and applicable state and federal laws and regulations, acting within his or her scope of practice under New York State law; or
- a teacher certified to provide speech and language services, under the documented direction of such a qualified licensed and registered speech language pathologist (ASHA-Certified or equivalent), acting within his or her scope of practice under New York State Law.

"Under the direction of" means that, with respect to each Medicaid beneficiary, the qualified therapist:

4. Psychological Counseling

Definition: Psychological counseling services outlined in this section of the State Plan are available to Medicaid-eligible beneficiaries under 21 years of age who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Psychological counseling provided by or through a school district; a Section 4201 school; a county in the State or the City of New York must have a referral from a physician, physician assistant, or a nurse practitioner who is acting within the scope of his or her practice under NYS law or an appropriate school official or other voluntary health or social agency and must be provided to a child by or under the direction of a qualified practitioner. Psychological counseling services must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE).

Medically necessary EPSDT services are health care, diagnostic services, treatments and other measures to correct or ameliorate physical defects, mental illnesses, and other disabilities.

Psychological counseling services include:

- treatment services using a variety of techniques to assist the child in ameliorating behavioral and emotional problems that are severe enough to require treatment.

Psychological counseling services may be provided in an individual or group setting.

Providers: Psychological counseling services must be provided by a qualified practitioner, within his or her scope of practice in accordance with New York State Law and with the qualification requirements of 42 CFR Section 440.60(a) and 440.50(a)(2) and with other applicable state and federal laws or regulations. Psychological counseling services may only be provided by a professional whose credentials are comparable to those of providers who are able to provide psychological counseling services in the community.

Services may be provided by:

- a New York State licensed and registered psychiatrist qualified in accordance with 42 CFR Section 440.50(a) and other applicable state and federal law or regulations, acting within his or her scope of practice under New York State Law;
- a New York State licensed and registered psychologist qualified in accordance with 42 CFR Section 440.60(a) and other applicable state and federal law or regulations, acting within his or her scope of practice under New York State Law;
- a New York State licensed clinical social worker (LCSW), qualified in accordance 42 CFR Section 440.60(a) and other applicable state and federal law or regulations, acting within his or her scope of practice under NYS law; or
- a licensed master social worker (LMSW) qualified in accordance with 42 CFR Section 440.60(a) and other applicable state and federal law or regulations, acting within his or her scope of practice under New York State Law, under the supervision of such a qualified licensed clinical social worker, a qualified licensed and registered psychologist, or a qualified licensed and registered psychiatrist as described above.

Supervision of the clinical social work services provided by the licensed master social worker, with respect to each Medicaid beneficiary, shall consist of contact between the licensed master social worker and supervisor during which:

- the licensed master social worker apprises the supervisor of the diagnosis and treatment of each client;
- the licensed master social worker's cases are discussed;
- the supervisor provides the licensed master social worker with oversight and guidance in diagnosing and treating clients;
- the supervisor regularly reviews and evaluates the professional work of the licensed master social worker; and
- the supervisor provides at least one hour per week or two hours every other week of in-person individual or group clinical supervision, provided that at least two hours per month shall be individual clinical supervision.

5. Skilled Nursing

Definition: Skilled nursing services outlined in this section of the State Plan are available to Medicaid eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Skilled nursing services provided by or through: a school district; a Section 4201 school; a county in the State or the City of New York, must have a written order or prescription from a physician, physician assistant, or nurse practitioner acting within his or her scope of practice under New York State law and must be provided to a child by a registered nurse acting within his or her scope of practice under New York State law, or by a NYS licensed practical nurse acting within his or her scope of practice under New York State law "under the direction of" a NYS licensed and registered nurse or licensed physician, dentist or other licensed health care provider authorized under the Nurse Practice Act. Skilled nursing services must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE) when there is a specific need based on a medical condition of the child.

Medically necessary EPSDT services are health care, diagnostic services, treatments and other measures necessary to correct and ameliorate physical defects, mental illnesses, and other disabilities.

Skilled nursing services include the promotion of health, prevention of illness, care of the ill and disabled people through the provision of services essential to the maintenance and restoration of health. Skilled nursing services may include:

- health assessments and evaluations;
- medical treatments and procedures;
- administering and/or monitoring medication needed by the student during school hours;
and
- consultation with licensed physicians, parents and staff regarding the effects of medication.

programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, and/or in community based settings.

6. Psychological Evaluations

Definition: Psychological evaluations outlined in this section of the State Plan are available to Medicaid-eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Psychological evaluations provided by or through a school district; a Section 4201 school; a county in the State or the City of New York must have a referral from a physician, physician assistant, or nurse practitioner acting within his or her scope of practice under New York State law or an appropriate school official or other voluntary health or social agency and must be provided to a child by a qualified practitioner. Psychological evaluations must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). If a psychological evaluation is used to identify a child's health related needs as part of the IEP process, the evaluation is eligible for Medicaid coverage once the evaluation is reflected in the child's IEP.

Services: Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures to correct or ameliorate physical defects, mental illnesses, and other disabilities.

Psychological evaluations include but are not limited to:

- Administering psychological tests and other assessment procedures;
- Interpreting testing and assessment results, and
- Evaluating a Medicaid recipient for the purpose of determining the needs for specific psychological, health or related services.

Providers: Psychological evaluations must be provided by a qualified provider who meets the requirements of 42 CFR Section 440.60 or 42 CFR Section 440.50(a) and other applicable state and federal laws and regulations. Psychological evaluation services may only be provided by a professional whose credentials are comparable to those of providers who are able to provide psychological evaluation services in the community.

Services may be provided by:

- a New York State licensed and registered psychiatrist, qualified in accordance with 42CFR Section 440.50(a) and other applicable state and federal law or regulations, acting within his or her scope of practice under NYS law; or
- a New York State licensed and registered psychologist, qualified in accordance with 42CFR Section 440.60(a) and other applicable state and federal law or regulations, acting within his or her scope of practice under NYS law.

Services may be rendered in the setting in which the child's IEP will be implemented, including but not limited to Article 28 facilities, Board of Cooperative Educational Services (BOCES) programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, and/or in community based settings.

Z. Medical Evaluations

Definition: Medical evaluations outlined in this section of the State Plan are available to Medicaid-eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures to correct or ameliorate physical defects, mental illnesses, and other disabilities.

Medical evaluations provided by or through: a school district; a Section 4201 school; a county in the State or the City of New York must be performed by a physician, physician assistant, or nurse practitioner acting within the scope of his or her practice under New York State law. A medical evaluation must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). If a medical evaluation is used to identify a child's health related needs as part of the IEP process, the evaluation is eligible for Medicaid coverage once the evaluation is reflected in the child's IEP.

A medical evaluation is the recording of:

- chief complaints;
- present illness;

TN #09-61 _____

Effective Date SEP 01 2009

OFFICIAL

- past medical history;
- personal history and social history;
- a system review
- a complete physical evaluation;
- ordering of appropriate diagnostic tests and procedures, and
- recommended plan of treatment

Providers: A medical evaluation must be provided by a New York State licensed and registered, physician, physician assistant, or nurse practitioner qualified in accordance with 42 CFR Section 440.50(a), 440.60(a) and 440.166(a) and other applicable state and federal laws and regulations, acting within his or her scope of practice under NYS law.

Services may be rendered in the setting in which the child's IEP will be implemented, including but not limited to Article 28 facilities, Board of Cooperative Educational Services (BOCES) programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, and/or in community based settings.

8. Medical Specialist Evaluations

Definition: Medical specialist evaluations outlined in this section of the State Plan are available to Medicaid-eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures to correct and ameliorate physical defects, mental illnesses, and other disabilities.

Medical specialist evaluations provided by or through: a school district; a Section 4201 school; a county in the State or the City of New York must be provided by a New York State licensed and registered physician, physician assistant, or nurse practitioner specialist acting within his or her scope of practice and related area of specialization. A medical specialist evaluation must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). If a medical specialist evaluation is used to identify a child's health related needs as part of the IEP process, the evaluation is eligible for Medicaid coverage once the evaluation is reflected in the child's IEP.

A medical specialist evaluation is:

- an examination of the affected bodily area or organ system and other symptomatic or related organ systems;
- the ordering of appropriate diagnostic tests and procedures, and
- the reviewing of the results and reporting on the tests and procedures.

Providers: A medical specialist evaluation must be provided by a qualified New York State licensed and registered physician, physician assistant, or nurse practitioner specialist practicing in the related area of specialization within his or her scope of practice under NYS law, in accordance with 42CFR Section 440.50(a), 440.60(a), and 440.166(a) and other applicable state and federal laws and regulations.

Services may be rendered in the setting in which the child's IEP will be implemented, including but not limited to Article 28 facilities, Board of Cooperative Educational Services (BOCES) programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, and/or in community based settings.

9. Audiological Evaluations

Definition: Audiological evaluations as outlined in this section of the State Plan are available to Medicaid-eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Audiological evaluations provided by or through: a school district; a Section 4201 school; a county in the State or the City of New York must have a written order from a physician, physician assistant, or nurse practitioner who is acting within the scope of his or her practice under NYS law and provided to a child by a qualified practitioner. An audiological evaluation must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). If an audiological evaluation is used to identify a child's health related needs as part of the IEP process, the evaluation is eligible for Medicaid coverage once the evaluation is reflected in the child's IEP.

Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures to correct and ameliorate physical defects, mental illnesses, and other disabilities.

Medically necessary audiology services include but are not limited to:

- Identification of children with hearing loss;
- Determination of the range, nature and degree of hearing loss, including the referral for medical or other professional attention for the amelioration of hearing; and
- determination of the child's need for group and individual amplification.

An audiological evaluation is the determination of the range, nature and degree of hearing loss including:

- measurement of hearing acuity;
- tests relating to air and bone conduction;
- speech reception threshold;
- speech discrimination;
- conformity evaluations;
- pure tone audiometry.

Providers: Audiology evaluation services must be provided by a New York State licensed and registered audiologist, qualified in accordance with 42 CFR Section 440.60(a) and 42CFR Section 440.110(c)(3) and other applicable state and federal law or regulations, acting within his or her scope of practice under NYS law.

Services may be rendered in the setting in which the child's IEP will be implemented, including but not limited to Article 28 facilities, Board of Cooperative Educational Services (BOCES) programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, and/or in community based settings.

10. Special Transportation

Definition: Special transportation outlined in this section of the State Plan is available to Medicaid-eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures to correct and ameliorate physical defects, mental illnesses, and other disabilities.

Services: Special transportation provided by or through a school district; a Section 4201 school; a county in the State or the City of New York must be included in the IEP as recommended by the Committee on Special Education (CSE), or the Committee on Preschool Special Education (CPSE). Special transportation arrangements must be identified in the IEP.

Special transportation is provided when a child requires specialized transportation equipment, supports or services because of his/her disability as cited in 34 CFR 300.34(c)(16)(iii).

Special transportation is limited to those situations where the child receives transportation to obtain a Medicaid covered service (other than transportation), and both the Medicaid covered service and the need for special transportation are included in the child's IEP. Special transportation can only be billed on a day that a Medicaid reimbursable service was delivered and may only be billed at the rate for each one way trip.

Providers: Special transportation services must be provided by a qualified Medicaid provider. Attendance documentation (bus logs) is required in order to bill Medicaid. In order to receive payment for services provided to a Medicaid recipient, a vendor must be lawfully authorized to provide transportation services on the date the services are rendered.

4b. Early and Periodic Screening, Diagnostic and Treatment services (EPSDT).

School Supportive Health Services and Pre-School Supportive Health Services

School Supportive Health Services (SSHS) and Pre-School Supportive Health Services (PSSHS) are services provided by or through a school district, a Section 4201 school, a county in the State, or New York City to children with disabilities, who attend public or State Education Department approved schools or preschools. The services must be:

- medically necessary and included in a Medicaid covered category in accordance with 1905(a), 1905(r)(5), 1903(c) of the Social Security Act;
- ordered or prescribed by a physician or other licensed practitioner acting within his or her scope of practice under New York State Law;
- included in the child's Individualized Education Program (IEP);
- provided by qualified professionals under contract with or employed by a school district, a Section 4201 school, a county in the State or the City of New York;
- furnished in accordance with all requirements of the State Medicaid Program and other pertinent state and federal laws and regulations, including those for provider qualifications, comparability of services, and the amount, duration and scope provisions; and
- included in the state's plan or available under Early Periodic Screening, Diagnostic and Treatment (EPSDT) services.

Effective September 1, 2009, the services covered by the SSHS and PSSHS Program for Medicaid eligible children under the age of 21 who are eligible for Early and Periodic Screening, Diagnostic and Treatment services (EPSDT) include medically necessary physical therapy services, occupational therapy services, speech therapy services, psychological counseling, skilled nursing services, psychological evaluations, medical evaluations, medical specialist evaluations, audiological evaluations, and special transportation within the limits of EPSDT services. A school district, Section 4201 school, a county in the State, and New York City must be enrolled as a Medicaid provider in order to bill Medicaid.

1. Physical Therapy Services

Definition: Physical therapy services outlined in this section of the State Plan are available to Medicaid eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Physical therapy services provided by or through: a school district; a Section 4201 school; a county in the State or the City of New York, must have a written order or prescription from a physician, physician assistant, or nurse practitioner who is acting within the scope of his or her practice under NYS law and must be provided to a child by or under the direction of a qualified physical therapist. Physical therapy services must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). These services include any necessary supplies and equipment utilized during the therapy session.

Medically necessary EPSDT services are health care, diagnostic services, treatments and other measures necessary to correct or ameliorate physical defects, mental illnesses, and other disabilities.

Physical therapy services include but are not limited to:

- Identification of children with physical therapy needs;
- Evaluation for the purpose of determining the nature, extent and degree of the need for physical therapy services;
- Provision of physical therapy services for the purpose of preventing or alleviating movement dysfunction and related functional problems;
- Obtaining, interpreting, and integrating information appropriate to program planning;
- Diagnosis and treatment of physical disability, injury or disease using physical and mechanical means, including but not limited to, heat, cold, light, air, water, sound, electricity, massage, mobilization and therapeutic exercise with or without assistive devices, and
- The performance and interpretation of tests and measurements to assist pathopsychological, pathomechanical and developmental deficits of human systems to determine treatment and assist in diagnosis and prognosis.

Physical therapy services may be provided in an individual or group setting.

Providers: Services must be provided by:

- a New York State licensed and registered physical therapist qualified in accordance with 42 CFR 440.110(a) and with applicable state and federal laws and regulations, acting within his or her scope of practice under New York State Law; or
- a certified physical therapy assistant "under the direction of" such a qualified licensed and registered physical therapist, acting within his or her scope of practice under New York State Law.

"Under the direction of" means that, with respect to each Medicaid beneficiary, the qualified therapist:

- sees the participant at the beginning of and periodically during the course of treatment;
- is familiar with the treatment plan as recommended by the referring physician or other licensed practitioner of the healing arts practicing under State law;
- has continued involvement in the care provided, and reviews the need for continued services throughout treatment;
- assumes professional responsibility for the services provided under his or her direction and monitors the need for continued services;
- spends as much time as necessary directly supervising services to ensure beneficiaries are receiving services in a safe and efficient manner in accordance with accepted standards of practice;
- ensures that individuals working under his or her direction have contact information to permit him or her direct contact with the supervising therapist as necessary during the course of treatment; and
- keeps documentation supporting the supervision of services and ongoing involvement in the treatment.

Services may be rendered in the setting in which the child's IEP will be implemented, including but not limited to Article 28 facilities, Board of Cooperative Educational Services (BOCES) programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, at home and/or in community based settings.

2. Occupational Therapy Services

Definition: Occupational therapy services as outlined in this section of the State Plan are available to Medicaid eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Occupational therapy services provided by or through: a school district; a Section 4201 school; a county in the State or the City of New York must have a written order or prescription from a physician, physician assistant, or nurse practitioner who is acting within the

scope of his or her practice under New York State Law and must be provided to a child by or under the direction of a qualified occupational therapist. Occupational therapy services must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). These services include any necessary supplies and equipment utilized during the therapy session.

Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures necessary to correct or ameliorate physical defects, mental illnesses, and other disabilities.

Occupational therapy services include but are not limited to:

- Identification of children with occupational therapy needs;
- Evaluation for the purpose of determining the nature, extent and degree of the need for occupational therapy services;
- Improving, developing or restoring functions impaired or lost through illness, injury, or deprivation;
- Preventing through early intervention, initial or further impairment or loss of function; and
- Planning and utilization of a program of activities to develop or maintain adaptive skills designed to achieve maximal physical and mental functioning of the student in daily life tasks.

Occupational therapy services may be provided in an individual or group setting.

Providers: Services must be provided by:

- a New York State licensed and registered occupational therapist qualified in accordance with 42CFR 440.110(b) and applicable state and federal laws and regulations, acting within his or her scope of practice under New York State Law; or
- a certified occupational therapy assistant (COTA) "under the direction of" such a qualified licensed and registered occupational therapist, within his or her scope of practice under New York State Law.

"Under the direction of" means that, with respect to each Medicaid beneficiary, the qualified therapist:

- sees the participant at the beginning of and periodically during the course of treatment;

4. Psychological Counseling

Definition: Psychological counseling services outlined in this section of the State Plan are available to Medicaid-eligible beneficiaries under 21 years of age who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Psychological counseling provided by or through a school district; a Section 4201 school; a county in the State or the City of New York must have a referral from a physician, physician assistant, or a nurse practitioner who is acting within the scope of his or her practice under NYS law or an appropriate school official or other voluntary health or social agency and must be provided to a child by or under the direction of a qualified practitioner. Psychological counseling services must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE).

Medically necessary EPSDT services are health care, diagnostic services, treatments and other measures to correct or ameliorate physical defects, mental illnesses, and other disabilities.

Psychological counseling services include:

- treatment services using a variety of techniques to assist the child in ameliorating behavioral and emotional problems that are severe enough to require treatment.

Psychological counseling services may be provided in an individual or group setting.

Providers: Psychological counseling services must be provided by a qualified practitioner, within his or her scope of practice in accordance with New York State Law and with the qualification requirements of 42 CFR Section 440.60(a) and 440.50(a)(2) and with other applicable state and federal laws or regulations. Psychological counseling services may only be provided by a professional whose credentials are comparable to those of providers who are able to provide psychological counseling services in the community.

Services may be provided by:

- a New York State licensed and registered psychiatrist qualified in accordance with 42 CFR Section 440.50(a) and other applicable state and federal law or regulations, acting within his or her scope of practice under New York State Law;
- a New York State licensed and registered psychologist qualified in accordance with 42 CFR Section 440.60(a) and other applicable state and federal law or regulations, acting within his or her scope of practice under New York State Law;
- a New York State licensed clinical social worker (LCSW), qualified in accordance 42 CFR Section 440.60(a) and other applicable state and federal law or regulations, acting within his or her scope of practice under NYS law; or
- a licensed master social worker (LMSW) qualified in accordance with 42 CFR Section 440.60(a) and other applicable state and federal law or regulations, acting within his or her scope of practice under New York State Law, under the supervision of such a qualified licensed clinical social worker, a qualified licensed and registered psychologist, or a qualified licensed and registered psychiatrist as described above.

Supervision of the clinical social work services provided by the licensed master social worker, with respect to each Medicaid beneficiary, shall consist of contact between the licensed master social worker and supervisor during which:

- the licensed master social worker apprises the supervisor of the diagnosis and treatment of each client;
- the licensed master social worker's cases are discussed;
- the supervisor provides the licensed master social worker with oversight and guidance in diagnosing and treating clients;
- the supervisor regularly reviews and evaluates the professional work of the licensed master social worker; and
- the supervisor provides at least one hour per week or two hours every other week of in-person individual or group clinical supervision, provided that at least two hours per month shall be individual clinical supervision.

programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, and/or in community based settings.

6. Psychological Evaluations

Definition: Psychological evaluations outlined in this section of the State Plan are available to Medicaid-eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Psychological evaluations provided by or through a school district; a Section 4201 school; a county in the State or the City of New York must have a referral from a physician, physician assistant, or nurse practitioner acting within his or her scope of practice under New York State law or an appropriate school official or other voluntary health or social agency and must be provided to a child by a qualified practitioner. Psychological evaluations must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). If a psychological evaluation is used to identify a child's health related needs as part of the IEP process, the evaluation is eligible for Medicaid coverage once the evaluation is reflected in the child's IEP.

Services: Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures to correct or ameliorate physical defects, mental illnesses, and other disabilities.

Psychological evaluations include but are not limited to:

- Administering psychological tests and other assessment procedures;
- Interpreting testing and assessment results, and
- Evaluating a Medicaid recipient for the purpose of determining the needs for specific psychological, health or related services.

Providers: Psychological evaluations must be provided by a qualified provider who meets the requirements of 42 CFR Section 440.60 or 42 CFR Section 440.50(a) and other applicable state and federal laws and regulations. Psychological evaluation services may only be provided by a professional whose credentials are comparable to those of providers who are able to provide psychological evaluation services in the community.

Services may be rendered in the setting in which the child's IEP will be implemented, including but not limited to Article 28 facilities, Board of Cooperative Educational Services (BOCES) programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, and/or in community based settings.

7. Medical Evaluations

Definition: Medical evaluations outlined in this section of the State Plan are available to Medicaid-eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures to correct or ameliorate physical defects, mental illnesses, and other disabilities.

Medical evaluations provided by or through: a school district; a Section 4201 school; a county in the State or the City of New York must be performed by a physician, physician assistant, or nurse practitioner acting within the scope of his or her practice under New York State law. A medical evaluation must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). If a medical evaluation is used to identify a child's health related needs as part of the IEP process, the evaluation is eligible for Medicaid coverage once the evaluation is reflected in the child's IEP.

A medical evaluation is the recording of:

- chief complaints;
- present illness;

OFFICIAL

- past medical history;
- personal history and social history;
- a system review
- a complete physical evaluation;
- ordering of appropriate diagnostic tests and procedures, and
- recommended plan of treatment

Providers: A medical evaluation must be provided by a New York State licensed and registered, physician, physician assistant, or nurse practitioner qualified in accordance with 42 CFR Section 440.50(a), 440.60(a) and 440.166(a) and other applicable state and federal laws and regulations, acting within his or her scope of practice under NYS law.

Services may be rendered in the setting in which the child's IEP will be implemented, including but not limited to Article 28 facilities, Board of Cooperative Educational Services (BOCES) programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, and/or in community based settings.

8. Medical Specialist Evaluations

Definition: Medical specialist evaluations outlined in this section of the State Plan are available to Medicaid-eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures to correct and ameliorate physical defects, mental illnesses, and other disabilities.

Medical specialist evaluations provided by or through: a school district; a Section 4201 school; a county in the State or the City of New York must be provided by a New York State licensed and registered physician, physician assistant, or nurse practitioner specialist acting within his or her scope of practice and related area of specialization. A medical specialist evaluation must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). If a medical specialist evaluation is used to identify a child's health related needs as part of the IEP process, the evaluation is eligible for Medicaid coverage once the evaluation is reflected in the child's IEP.

A medical specialist evaluation is:

- an examination of the affected bodily area or organ system and other symptomatic or related organ systems;
- the ordering of appropriate diagnostic tests and procedures, and
- the reviewing of the results and reporting on the tests and procedures.

Providers: A medical specialist evaluation must be provided by a qualified New York State licensed and registered physician, physician assistant, or nurse practitioner specialist practicing in the related area of specialization within his or her scope of practice under NYS law, in accordance with 42CFR Section 440.50(a), 440.60(a), and 440.166(a) and other applicable state and federal laws and regulations.

Services may be rendered in the setting in which the child's IEP will be implemented, including but not limited to Article 28 facilities, Board of Cooperative Educational Services (BOCES) programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, and/or in community based settings.

9. Audiological Evaluations

Definition: Audiological evaluations as outlined in this section of the State Plan are available to Medicaid-eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Services: Audiological evaluations provided by or through: a school district; a Section 4201 school; a county in the State or the City of New York must have a written order from a physician, physician assistant, or nurse practitioner who is acting within the scope of his or her practice under NYS law and provided to a child by a qualified practitioner. An audiological evaluation must be included in the IEP as recommended by the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE). If an audiological evaluation is used to identify a child's health related needs as part of the IEP process, the evaluation is eligible for Medicaid coverage once the evaluation is reflected in the child's IEP.

Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures to correct and ameliorate physical defects, mental illnesses, and other disabilities.

Attachment 3.1-A
Supplement

Medically necessary audiology services include but are not limited to:

- Identification of children with hearing loss;
- Determination of the range, nature and degree of hearing loss, including the referral for medical or other professional attention for the amelioration of hearing; and
- determination of the child's need for group and individual amplification.

An audiological evaluation is the determination of the range, nature and degree of hearing loss including:

- measurement of hearing acuity;
- tests relating to air and bone conduction;
- speech reception threshold;
- speech discrimination;
- conformity evaluations;
- pure tone audiometry.

Providers: Audiology evaluation services must be provided by a New York State licensed and registered audiologist, qualified in accordance with 42 CFR Section 440.60(a) and 42CFR Section 440.110(c)(3) and other applicable state and federal law or regulations, acting within his or her scope of practice under NYS law.

Services may be rendered in the setting in which the child's IEP will be implemented, including but not limited to Article 28 facilities, Board of Cooperative Educational Services (BOCES) programs, approved preschool programs, public schools, approved private schools, Section 4201 schools, state operated schools, in private practitioner's offices, and/or in community based settings.

10. Special Transportation

Definition: Special transportation outlined in this section of the State Plan is available to Medicaid-eligible beneficiaries under 21 years of age, who are eligible for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services and for whom services are medically necessary.

Medically necessary EPSDT services are health care, diagnostic services, treatments, and other measures to correct and ameliorate physical defects, mental illnesses, and other disabilities.

Supplement**

Services: Special transportation provided by or through a school district; a Section 4201 school; a county in the State or the City of New York must be included in the IEP as recommended by the Committee on Special Education (CSE), or the Committee on Preschool Special Education (CPSE). Special transportation arrangements must be identified in the IEP.

Special transportation is provided when a child requires specialized transportation equipment, supports or services because of his/her disability as cited in 34 CFR 300.34(c)(16)(iii).

Special transportation is limited to those situations where the child receives transportation to obtain a Medicaid covered service (other than transportation), and both the Medicaid covered service and the need for special transportation are included in the child's IEP. Special transportation can only be billed on a day that a Medicaid reimbursable service was delivered and may only be billed at the rate for each one way trip.

Providers: Special transportation services must be provided by a qualified Medicaid provider. Attendance documentation (bus logs) is required in order to bill Medicaid. In order to receive payment for services provided to a Medicaid recipient, a vendor must be lawfully authorized to provide transportation services on the date the services are rendered.
