

**Foundation Aid Increase Survey - Foundation Aid Increase****Background/Instructions**

---

Page Last Modified: 05/19/2023

**Background and Instructions**Background

Section 10-d of part A of chapter 56 of the laws of 2021, as amended by §5-b of part A of chapter 56 of the laws of 2022, requires school districts receiving a foundation aid increase of more than 10% or \$10,000,000 to create plans on how these funds will be used to address student performance and need. These plans are required in advance of the 2021-22, 2022-23, and 2023-24 school years. This is the final year that this requirement is in effect. Plans for the 2023-24 school year must be completed, submitted to the department, and posted to district websites by July 1, 2023.

Each district subject to this requirement is required to:

- Seek public comment from parents, teachers, and other stakeholders;
- Take public comments into account in the development of the plan;
- Include an analysis of public comments within the plan;
- Describe in the plan how the foundation aid increase will be used, including portions of the increase used to address the priority areas identified by law;
- Post the plan on the district website; and
- Submit the plan to the State Education Department in a form prescribed by the Department to be posted publicly.

This requirement does not replace any requirements under Contracts for Excellence. If your district is required to submit a contract for excellence, more information is available at this page.

The list of school districts that are required to submit a plan aligned with the increase in foundation aid may be found in the "*Foundation Aid Increase Notification Guidance*" memo located in the *Documents* library at the lower left of the application. It should be noted that this requirement does not obligate districts to spend additional foundation aid funds in specific ways, but does require district seek public comment and share plans on how they intend to spend these additional funds. Plans are required to cover only the foundation aid *increase*. The plan should *not* cover how the district intends to use its *entire* foundation aid amount. Describe in the plan how the foundation aid increase will be used, along with key goals, metrics, or ratios, and the community feedback reflected for portions of the increase used to address any of the following priority areas, as well as any additional areas identified by the district:

1. Increasing graduation rates and eliminating the achievement gap;
2. Reducing class sizes;
3. Providing supports for students who are not meeting, or at risk of not meeting, state learning standards in core academic subject areas;
4. Addressing student social-emotional health;
5. Providing adequate resources to English language learners, students with disabilities; and students experiencing homelessness;

Instructions

- The *Foundation Aid Increase Survey* is due by July 1, 2023.
- Districts must complete all sections and are required to answer questions marked with a red asterisk. If a required question has not been completed, the business portal will highlight it in red and the section of the application will be flagged. The district will be unable to submit the application to NYSED for final review if a required question remains unresolved.
- The online application may only be submitted/certified by the chief school officer of the district. The designated superintendent or the chief executive officer, or board of trustees president are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.
- Districts are NOT REQUIRED to send hard copies of survey materials to the Department.

**Use of Foundation Aid Increase**

1. Please describe how the district plans to utilize funds provided by the foundation aid increase in the following priority areas.  
If these funds will not be used for one of the priority areas listed below, please respond with "N/A."

	Key Goals, Metrics, or Ratios (250 words or less)	Community Feedback Reflected (250 words or less)	New Foundation Aid Funds to Support Initiative (\$)
Increasing graduation rates and eliminating the achievement gap	Implementing a required course for all grades 6 and 9 students to develop and improve academic and social-emotional skill sets - Foundations Course;	Faculty and staff feedback regarding essential skill set gaps in middle and high school hindering progress; Parent feedback on the need for additional supports for students in regards to time management, career and college readiness	\$220,000
Reducing class sizes	Maintaining class sizes in elementary school grade-levels; maintaining current teaching positions in all grade-levels despite increase in salaries	Community feedback regarding the need to maintain current class size parameters	\$1,539,109
Providing supports for students who are not meeting, or at risk of not meeting, state learning standards in core academic subject areas	Maintaining and/or Increasing academic intervention programs in early grade-levels; Yielding two AIS teaching positions	Academic Intervention Services are necessary for providing the targeted supports for all students, with learning community feedback emphasizing the needs for such at the elementary levels to be maintained or increased	\$220,000
Addressing student social-emotional health	Maintaining positions that were created using federal funding through ESSER and GEER; specifically adding the temporary school psychologist position to the general budget using funding from the Foundation Aid increase	Community feedback included the need for a minimum of this one position to ensure counseling and CSE testing to be completed with the needed fidelity	\$105,000
Providing adequate resources to English language learners, students with disabilities, and students experiencing homelessness	Increase ENL teaching position to meet the needs of the students; addition of a special education teacher to meet mandates; addition of a literacy coach to improve literacy instruction and determine gaps in instruction and interventions for students in grades K-8; providing breakfast and lunch at no cost to all students in grades K-12	Meetings with parents and faculty/staff yielded the need for a literacy coach to provide guidance and support with the launch of a new literacy program at the elementary level, as well as vertical alignment through grade 8; Meetings with ENL faculty to review student needs for the upcoming school year yielded the need to increase ENL services	\$550,000

2. Please use the chart below to describe 'Other' priority areas not otherwise addressed in Item #1. Click on "Add Row" as applicable for additional priority areas.

3. **Please describe your analysis of public comment from parents, teachers, and other stakeholders on the plan. This analysis should include the approach to outreach that was implemented and common recommendations or suggestions. For recommendations not reflected in the plan above, what limitations or rationale led to the decision to not include? (250 words or less)**

Communication and feedback were attained through Literacy Committee Meetings, Student Voice Committee Meetings, faculty and departmentgrade-level meetings, as well as five public presentations that were presented in public and posted to the district's website.
