

Foundation Aid Increase Survey - Foundation Aid Increase**Background/Instructions**

Page Last Modified: 06/05/2023

Background and InstructionsBackground

Section 10-d of part A of chapter 56 of the laws of 2021, as amended by §5-b of part A of chapter 56 of the laws of 2022, requires school districts receiving a foundation aid increase of more than 10% or \$10,000,000 to create plans on how these funds will be used to address student performance and need. These plans are required in advance of the 2021-22, 2022-23, and 2023-24 school years. This is the final year that this requirement is in effect. Plans for the 2023-24 school year must be completed, submitted to the department, and posted to district websites by July 1, 2023.

Each district subject to this requirement is required to:

- Seek public comment from parents, teachers, and other stakeholders;
- Take public comments into account in the development of the plan;
- Include an analysis of public comments within the plan;
- Describe in the plan how the foundation aid increase will be used, including portions of the increase used to address the priority areas identified by law;
- Post the plan on the district website; and
- Submit the plan to the State Education Department in a form prescribed by the Department to be posted publicly.

This requirement does not replace any requirements under Contracts for Excellence. If your district is required to submit a contract for excellence, more information is available at this page.

The list of school districts that are required to submit a plan aligned with the increase in foundation aid may be found in the "*Foundation Aid Increase Notification Guidance*" memo located in the *Documents* library at the lower left of the application. It should be noted that this requirement does not obligate districts to spend additional foundation aid funds in specific ways, but does require district seek public comment and share plans on how they intend to spend these additional funds. Plans are required to cover only the foundation aid *increase*. The plan should *not* cover how the district intends to use its *entire* foundation aid amount. Describe in the plan how the foundation aid increase will be used, along with key goals, metrics, or ratios, and the community feedback reflected for portions of the increase used to address any of the following priority areas, as well as any additional areas identified by the district:

1. Increasing graduation rates and eliminating the achievement gap;
2. Reducing class sizes;
3. Providing supports for students who are not meeting, or at risk of not meeting, state learning standards in core academic subject areas;
4. Addressing student social-emotional health;
5. Providing adequate resources to English language learners, students with disabilities; and students experiencing homelessness;

Instructions

- The *Foundation Aid Increase Survey* is due by July 1, 2023.
- Districts must complete all sections and are required to answer questions marked with a red asterisk. If a required question has not been completed, the business portal will highlight it in red and the section of the application will be flagged. The district will be unable to submit the application to NYSED for final review if a required question remains unresolved.
- The online application may only be submitted/certified by the chief school officer of the district. The designated superintendent or the chief executive officer, or board of trustees president are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.
- Districts are NOT REQUIRED to send hard copies of survey materials to the Department.

Use of Foundation Aid Increase

1. Please describe how the district plans to utilize funds provided by the foundation aid increase in the following priority areas.
If these funds will not be used for one of the priority areas listed below, please respond with "N/A."

	Key Goals, Metrics, or Ratios (250 words or less)	Community Feedback Reflected (250 words or less)	New Foundation Aid Funds to Support Initiative (\$)
Increasing graduation rates and eliminating the achievement gap	N/A	N/a	N/a
Reducing class sizes	Menands is committed to small class sizes as a means of supporting students who are not meeting or at risk of not meeting state learning standards. Two elementary positions will be funded using the increased foundation aid, to support the continuation of smaller class size resulting in more individualized attention and implementation of tier 1 and 2 interventions. The impact will be measured through annual local and state assessments, with the expectation that individuals perform better and more students are meeting proficiency.	Significant opportunity was spent sharing the plan and soliciting community feedback during budget development, at meetings, workshops and hearings held on the following dates: 1/9, 2/13, 3/13, 4/3, 4/19, & 5/8. The outcome of the vote (147 yes, 39 no), 79% in favor clearly indicates public support.)	167748
Providing supports for students who are not meeting, or at risk of not meeting, state learning standards in core academic subject areas	See	N/a	N/a
Addressing student social-emotional health	Our ultimate goal is to position the district to be prepared to address the social emotional health and needs of our students. This will be accomplished through the position of a school social worker, and the addition of a monitor to work with and be available to students during times of need. The impact of these positions will be assessed using the assessment tool that is part of the Fly 5 Social Emotional curriculum implemented across all grade levels. .	Significant opportunity was spent sharing the plan and soliciting community feedback during budget development, at meetings, workshops and hearings held on the following dates: 1/9, 2/13, 3/13, 4/3, 4/19, & 5/8. The outcome of the vote (147 yes, 39 no), 79% in favor clearly indicates public support.)	109800
Providing adequate resources to English language learners, students with disabilities, and students experiencing homelessness	N/a	N/a	N/a

2. Please use the chart below to describe 'Other' priority areas not otherwise addressed in Item #1. Click on "Add Row" as applicable for additional priority areas.

3. **Please describe your analysis of public comment from parents, teachers, and other stakeholders on the plan. This analysis should include the approach to outreach that was implemented and common recommendations or suggestions. For recommendations not reflected in the plan above, what limitations or rationale led to the decision to not include? (250 words or less)**

Initial and comprehensive feedback from community was solicited during post covid reopening forums, and continued through the budget development during the subsequent two years, and the discussions around best use of covid related grant funding; each of these opportunities targeted input from all constituent groups. Chief among the feedback from our public was the need to adress the learning loss of students, and the increased social emotional needs, both resulting from the impacts of covid. This feedback came via public comments at the aforementioned opportunities, via a dedicated email adress to submit comments, and dutring the development of the districts multi year, Startegic Plan. Further public feedback indicated a desire and a need to continue to provide supports that could be diminsished or removed as the result of sunseting covid funds.
